## Mattapoisett Town News

### URGE FIREFIGHTING ACADEMY

Mattapoisett Board of Selectmen have written Rep. Charles MacKenzie to request support for Massachusetts Senate Bill 547 which would authorize development of a Regional fire training center. This facility, according to the provisions written into the bill, would be paid for by a percentage of fire insurance fees assessed on insurance companies.

The Selectmen feel that it is important that formal regional fire training courses and facilities be made available to towns unable to provide such training because of lack of funds to build such a facility alone.

### SOIL PLAN

The Conservation Commission's chairman James Shepley presented Mattapoisett Selectmen with the Soil's Interpretive Study for Mattapoisett land use that was funded by the Ford Foundation. The study, complete with maps, shows detailed interpretation for various soils in the town and should be of great help to all departments which have to do with building, drainage, percolation and similar problems. It was compiled by the United States Department of Agriculture Soil Conservation

### FISH HEARING

On April 2nd at 7:30 P.M. at the Massa-  
chusetts Maritime Library Building, a hear-  
ing was held by the Division of Marine  
Fisheries concerning "modification of Special  
Acts" which presently prohibits seine fish-  
ing in Buzzards Bay. The Mattapoissett Board  
of Selectmen is strongly opposed to any re-  
laxation in the restrictions which prohibit  
such seining and urged Mr. Frank Grice,  
Director of Marine Fisheries, to see that  
the prohibition is continued and enforced.

The Selectmen stated, "The presence of  
Menhaden in Buzzards Bay contribute con-  
siderably to one of the finest sport fisheries  
on the East Coast, and any action which  
would interfere with the ecology of this  
wonderful fishing area would be a gross mis-  
take. Additionally, such seining would  
create many problems and physical and fi-  
nancial losses to local pot lobstermen.

## Message of Appreciation

There is a lot of talk about the generation gap today. There is much in the paper about police brutality charges. Great acts of generosity are seldom in the headlines. These are the acts that make life worth living and I would like to relate to you my experience recently in our community.

The last week of February, out of the blue, my wife, Mary Souza, suddenly became ill. We both have always been healthy, active people and this was completely unexpected. The diagnosis at St. Lukes Hospital was acute anemia and she was in serious condition. As I received this news, I was almost in a state of shock when my son, Patrolman Robert William Souza, arrived at the hospital and donated blood. Immediately after, came Mattapoissett police officers Philip Marcosa, Russell Tinkham, Stan Ennis, Milton Heuberger, Jr., James Santos and Frederick Jackson. All donated blood so desperately needed by my wife. It is so difficult to express in words the deep grati-

tude that we feel toward these men and to the following Mattapoissett and Marion policemen who offered blood, if needed: Sgt. James F. Moran, Patrolmen Edward Cacilhas, William Simpson, Detective Robert G. Moore, Patrolmen Leonard Contant, Wayne Viera, Donald Moran, James Froughton, John Camacho and William Mac Lean. Offers also came from Patrolmen George Pina and Ferranti of the Marion Police Department.

Mrs. Souza is now at home and recovering, thanks to my son and his fellow officers. We will always remember their generosity, their life-giving aid to my family. We want you to know that these are the kind of men that guard our safety and meet our emergencies. We want you to know why we feel that the men that wear our police uniforms are among the finest, most helpful and most unselfish people that ever walked the earth.

I thank them with all my heart.

JESSE SOUZA

MATTAPOISETT, MASS.

"As indicated above, it is requested that the Mattapoissett Board of Selectmen be officially recorded as opposing any relaxing of the prohibition on seining in Buzzards Bay", in a letter to Mr. Grice dated March 29. (Menhaden is also called pogy locally.)

This same hearing also considered a minimum size on scup which was proposed recently by Mr. Frank Small of Church Street, Mattapoissett. Mr. Small was motivated by the tiny scup being caught off Mattapoissett wharf and is concerned that propagation is suffering because of the taking of these

baby fish.

### RIVER COMMITTEES MEET

A discussion of various blockages on the river and flooding problems was the topic at a meeting of the Tri-Town River Committees.

Following this meeting the Annual Meeting of the Herring Committee was held to set regulations for the taking of alewives. Sunrise to sunset on Mondays, Wednesdays, Fridays and Saturdays was established as the taking period. No screen of any kind is allowed.

Mr. George M. Hall, executive secretary to the Board of Selectmen, will attend an open meeting of the Southeastern Regional Cooperative Extension Service on April 11 at 3 P.M. at Community College, Cape Cod. The discussion will be on open burn-

ing in Massachusetts.

### SPEED SURVEY

Mr. Kelleher of the State Department of Public Works informed the Board of Selectment that a speed survey was conducted on Ocean Drive, Harbor Road by request of residents. Determination was made that the area does not qualify for the designation of a thickly settled zone which carries a 30 M.P.H. speed limit. He suggested that a curve sign be installed.

Selectmen have recommended that a child warning be placed at the entrance of Ocean Drive to caution motorists to reduce speed. LIABILITY INSURANCE OUT

Mattapoisett insurance representative has advised that liability insurance is available to public officials and suggested it for the Board of Selectmen. The Selectmen felt the coverage was too expensive.

### EMILY PERRY LEAVES TOWN HALL

Miss Emily Perry has completed her work at the Town Hall and has retired. Fellow workers joined her at lunch at the Mattapoisett Inn on Friday, March 30th, her final day. ## Have Your Cake & Eat it, Too!

Editorial, D.C.J.

Considerable restraint will have to be exercised by voters in order to obtain relief by means of revenue sharing funds. These funds have built-in requirements to prevent them from being used to reduce the tax rate directly. However, used with care, they can do double duty for the town.

The requirements do allow the town to invest these funds for a two-year period. The income from this investment can be substantial and can be spent where the town needs relief the most - applied directly on the tax burden. After the two years, within the restrictions allowed by Congress, the town can spend the principal on needed projects. In this way help could be available for very expensive projects by applying the interest (even in cases where matching federal funds are used in the financing).

It would be well to keep in mind, however, that Revenue Sharing is on the books for only 5 years. The long range project cannot count on the fickle whim of political change.

## Back to The Indians?

Editorial, D.C.J.

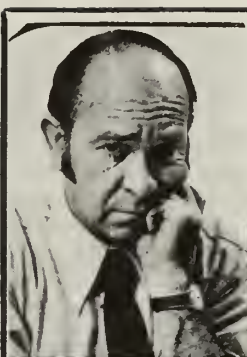

The American Indian has been poorly treated by the great white fathers who rule from afar. They would do well to examine the latest gift dangled before them by the State Legislature. Times have changed since Mattapoisett was a "place of rest". Heap big sweat is now required to gather the wampum for the zooming taxes and certainly no relief is on the great horizon.

Running Bear, Sitting Bull, Galloping Antelope and all you boys around the campfire, you had well look in this gift horse's mouth before you take the trail back to Haskell's Swamp.

## Letters to the Editor

### LETTER TO THE EDITOR

An article in the March 21 issue of the Presto Press told about a "Magic Carpet Carnival" to be held on April 14th as a project to raise money to carpet rooms at the Center School. The School Committee had included funds for this purpose in its budget for next year. Although the carpeting was felt to be very desirable, it was not considered an absolute necessity so it was cut from the budget in an effort to cooperate with the Finance Committee and others who strongly urged reductions in our planned expenditures.

At a recent School Committee meeting, visiting townspeople raised the question as to whether the committee would accept the carpet and installation as a gift if the money could be raised by interested parents. Needless to say the Committee said they would be happy to accept it, pointing out, however, that the carpet and underlayment must meet the specifications required for safety reasons.

While the article in Presto stated that "the School Committee has given its approval for this fund-raising event," actually the Committee only agreed to accept the gift as stated above, pointing out that it would be necessary to raise sufficient funds to do the complete job since there would be no school department funds which could be used for this. In order that credit be given where due, the "Magic Carpet Carnival" event has been planned entirely by Mrs. Frank Lynch and her committee of civic minded citizens. The School Committee hopes that you will publish this letter so that this will be understood by everyone.

The G.N.B.C.C.L.D. has dedicated themselves over the past 2 1/2 years to educating the public about L.D. They have shown their film numerous places in the area. They have established a resource room with a government grant at the Millicent Library in Fairhaven. This is available to all children in the Greater New Bedford area on Tuesday and Thursday from 2:30 to 4:30 P.M. It is manned completely by volunteers, both professional and nonprofessional. They are there to work with these children to help them to better understand and enjoy reading. ## Torture by Experts

Editorial, D.C.J.

The return of the final group of POW's has allowed the silence that has veiled the experiences of these men to be lifted. Now the horror stories unfold. If any one can listen to these men and not be affected by their suffering, that listener is sick, warped mentally. If Americans are not enraged by this degradation and torture enough to stagger the politicians, then something has forever gone from the American spirit. One can only guess at the number of brave men who went to their death in agony because they refused to break.

To send U. S. taxpayers' money to rebuild the country of such diabolical fiends is an outrage. If the U. S. citizen will stand still for this, our national self respect has vanished. We should bury Washington in letters.

## Woody Herman at O.R.

On Saturday, April 14th, Woody Herman and his "Thundering Herd" will appear in concert at Old Rochester Regional High School. The concert is sponsored by the Old Rochester Jazz Club and is the third to be held this school year.

Woody does not dwell in the past as has been his style throughout his career. He is an important part of today's music scene. He is in great demand for college seminars where he and the "Thundering Herd" not only perform but instruct young musicians on all aspects of the music business and solutions of individual problems with their instruments. Woody also does many high school lecture concerts where he and the band perform several numbers and then discuss the drug scene, the youth vote and other relevant issues. The rapport is amazing and stimulating, for the students and for Woody and his band.

One of the first records recorded for Columbia by Woody and the "Herd" was "Caldonia" which became an immediate hit and has been identified with Woody ever since. Next Woody recorded his biggest vocal hit, the lovely ballad "Laura", which is one of
